

Northern Branch Towers - Email & contact details

If no name is stated or no telephone shown, the Branch Secretary can be contacted ☎ 01472 690460, or via the Tower email address in this list.

Mobiles are marked (M) and calls to them may cost more than calls to fixed lines.

An email address is shown for every ringable tower, which may forward to the Branch Secretary if no other address is held by the Guild. Email addresses are generic, so do not change if the Correspondent changes. They are specific to the tower rather than a person. *Personal email details are not published on this site.*

Towers *in italics* have not yet submitted details or they are pending input. Minirings are not included.

Details shown are those which towers have agreed should be on the website. The tower name is followed by the Tower Correspondent's name and postal address, with telephone and email address (clickable link). No Correspondent is shown for unringable towers unless this is temporary. Postal addresses have in most cases been checked with Royal Mail. NB: Some postal addresses shown may not be near the tower, so may be unsuitable for navigation – *the file downloadable from [Dove Online](#) is recommended for navigation by tower name.*

Amendments should please be sent to, and retained by, the Branch Secretary.

If the correspondent for your tower changes or there are no details for your tower you will need to arrange for a Data Protection Form to be completed. [This can be downloaded here.](#)
