

## Southern Branch - Tower contact details

If no name is stated or no telephone shown, the Branch Secretary (Ian Dawson) can be contacted 📞 01476 550968, or via the Tower email address in this list.

Mobiles are marked (M) and calls to them may cost more than calls to fixed lines.

The email address for every ringable tower is shown, which may forward to the Branch Secretary if we do not have a local email contact. Email addresses are generic, so do not change if the Correspondent changes. They are specific to a tower rather than a person. Personal email details are not published on this site.

Towers *in italics* have not yet submitted details or are pending input. Mini-rings are not included.

Details shown are those which towers have agreed should be on the website. The tower name is followed by the Tower Correspondent's name and postal address, with telephone and email address (clickable link). No Correspondent is shown for unringable towers unless this is temporary. Postal addresses have in most cases been checked with Royal Mail. NB: Some postal addresses shown may not be near the tower, so may be unsuitable for navigation – the file downloadable from <http://dove.cccb.org.uk/dove.php> is recommended for navigation by tower name.

**Amendments should please be sent to, and retained by, the Branch Secretary.** If the correspondent for your tower changes or there are no details for your tower you will need to arrange for a Data Protection Form to be completed. [This can be downloaded here.](#)
