**The Listed Places of Worship Grant Scheme** allows listed churches to reclaim VAT on maintenance and repair work to the fabric of their buildings, including bells. Many towers have benefitted from this and have saved significant sums of money on work at their towers since the Scheme came into effect. It is due to expire in March 2011, but the Church of England and English Heritage have joined forces with other interested bodies in a campaign for it to be extended. There is a petition available for signing on the 10 Downing Street website. It can be found at <http://petitions.number10.gov.uk/VAT-refundscheme/>

### Ringing for St George's day 23<sup>rd</sup> April – how about trying to organise a quarter peal?

I didn't receive a great deal of feedback after the first newsheet, but what I did get seemed to be fairly positive. Please don't forget to print this out for your towers, especially where you know some ringers don't have the internet. Once again, I apologise for anything I have missed. If you want something publishing then you must let me know. **If you don't normally get to the AGM, please give it a go this year. In a big Diocese like ours it is a good opportunity to meet up with people from across the county, and all members are encouraged to attend. Why not make up a carload with some others from your tower? Hope to see you there.**
