RECORDING THE RINGING FOR HM QUEEN'S JUBILEE

The Platinum Jubilee celebrations are upon us and much effort has gone in to organise ringing to mark this unique event; both locally and nationally. The Central Council have a section on their website www.cccbr.org.uk with information, **including a downloadable certificate which towers may wish to use to record the event in the belfry.**

When preparing performances for submission to Bellboard – be they peals, quarter peals or organised ringing - you can link your submission to TWO “events”; these being:-

CCBR Platinum Jubilee Weekend Celebrations, and Lincoln Diocesan Guild (Central Branch) – Ringing for The Queen's Platinum Jubilee

For those unfamiliar with submitting and linking to an “event” these are accessed by clicking on the “pencil” at the top of the Bellboard document you use / are using to record the performance. Clicking the pencil will give a drop-down menu with a “Link to Event” option. Given that we hope to ring the great majority of ringable bells in the Branch, obviously we would appreciate you linking to the second “event” as well as the first.

Should you have any problems submitting your records please email me the details and I will attempt to submit them on your behalf. My email address is president@cb.ldgcb.org.uk

For “organised ringing” (ie not Quarter Peals or Peals) the kind of information submitted should be simply the tower and dedication, date, length of ringing (eg 30 minutes; or 720 Grandsire Doubles), and roughly what was rung eg Rounds and Call Changes; and Plain Bob Doubles etc. Please try to keep footnotes unlinked to the Jubilee, to a minimum.

Finally, could organisers please e-mail us after the celebrations end, just to let us know that you will be submitting your performance; or wish Keith to do so on your behalf.

Happy ringing

Keith Butter (President – Central Branch)
